To provide one-stop procurement solution for our customers' needs

COMPANY PROFILE

PT. Graha Arjani Aulia Dekortama (GAAD) was established on May 1996 in Jakarta, Indonesia. It started as a small trading company, where its initial activities specialized in electrical cables and electrical tools for projects around Jakarta.

Despite some challenges and competition in the market, GAAD has significantly grown in its yearly turnover. It also has expanded its product range to more variety, such as safety equipment, mechanical tools, plumbing and insulation components.

Moreover, GAAD has continuously focus on developing its' client database by maintaining its' product range and availability combined with communicative marketing team and sustain a swift delivery from our warehouse to you.

In 2020, we are honored to be trusted as one-stop mechanical electrical goods supplier for numerous national and multinational companies across Indonesia.
